criteria

assess / evaluate (evaluar)

assessed (evaluado)

No shit Sherlock! (no jodas!)

criteria:

- accuracy and appropriacy of grammar and vocabulary
- fluency, coherence and range of language
- comprehensible pronunciation of individual sounds, stress and intonation
- ability to interact with others in order to complete a social, transactional or interactive task.

You are not assessed on your ideas, but examiners can only assess you on the language you produce, so if you do not contribute, you will not do well.
