[lav] love

one of the ground main reasons.

Donkey (burro)

Digest

[samen] salmon *

No not and non.
No is mostly an adjective and is used to speak about zero quantity : <i>no peanuts</i> (noun) "There are not no rules."
Not is an adverb: <i>not happy</i> (adj). I am (aux) not happy (adj). I do (aux) not like (verb) it. I have (aux) not got (verb) any food.
Nope is slang for <i>no</i> when it is a stand-alone adverb denying or refusing something: <i>Are you happy? Nope.</i> Non- is a prefix which does not stand alone; it is part of other words: <i>nonviolent</i> , <i>nonpareil</i> .
